

PROGRAM 1 (SPRING-SUMMER PERIOD)

Program 1 focuses on the phenomenon of large rivers, floodplain forests and lowlands with abundance of animal species that inhabit these areas. Extensive water surfaces and incredible liveliness of biodiversity will enchant you at first sight. Through this program you will experience the pristine wilderness of the wetlands - one of the largest floodplains in the entire European continent, with all its natural and cultural richness with rich gastronomic and oenological offer.

KEY SPECIES: bald eagle, European deer, wild boar, beaver, otter, jackal, wetland birds, waterfowl, kestrel, mallard duck, marsh harrier

FIELD DIFFICULTY: 2/5

GROUP SIZE: 4 -12

RECOMMENDATIONS FOR VISITORS: Quality photo equipment, binoculars, mobile camouflage equipment for observing and photographing animals (if you do not have your own, you can rent in the Eco Center Zlatna Greda), mosquito repellent, practical terrain shoes and clothes adapted to wet and muddy terrain (clothing that blends well with the environment is recommended)
